COURSE SYLLABUS (CDSM00PANCREATICODM25)

2025

**Course Facilitators:**

Donalda MacDonald, RN, CON(C)

Allison Loucks, RN, MN, CON(C)

---

**Course Format:** eLearning

**Contact Information and Technical Support:** [support@desouzainstitute.com](mailto:support@desouzainstitute.com)

**Registration:** Required

**Prerequisite:** *Foundations in Oncology Nursing Practice or Cancer Care Basics*

## A. COURSE DESCRIPTION

This course will introduce you to pancreatic cancer epidemiology, pathology, diagnosis, and treatment, covering the foundational knowledge you need to provide nursing care to patients with pancreatic cancer and their families. This online course will build on what you learned in *Foundations of Oncology Nursing Practice* or *Cancer Care Basics*.

This course consists of **two modules** in total. The first module, *Pathology and Epidemiology*, will cover the normal anatomy and physiology of the pancreas, the pathological subtypes of pancreatic cancer, and the risk factors that put people at higher risk of pancreatic cancer development. The second module, *Diagnosis, Staging and Treatment*, will cover presenting symptoms, the diagnostic pathway, staging, and the corresponding treatments depending on the patient's resectability status. The **final quiz** consists of a case study where you will apply your knowledge to the care of a particular patient living with pancreatic cancer.

Although you can complete the various components of the course at your own pace, the course must be completed within **6 weeks from the time you register** for the course (this date can be found on the course information page in *My Account*).

## C. COURSE OBJECTIVES

By the end of this course, you will be able to:

- Describe the normal anatomy and physiology of the pancreas
- Identify risk factors for pancreatic cancer development
- Understand the pathophysiology of pancreatic cancer
- Describe the diagnosis pathway and staging for pancreatic cancer
- Describe the role of the modalities used in the management of pancreatic cancer
- Describe the role of the nurse for each of the treatment modalities

## D. MODE OF LEARNING

The eLearning environment fosters a self-directed approach. You can progress through the modules and exercises at a convenient time, at home or work.

- **eLearning Modules:** Modules were developed by the de Souza education team to reflect the latest knowledge in pancreatic cancer. The content is up-to-date and includes interactive application exercises and links to the latest clinical guidelines.
- ❓ **Study Guides:** A printable study guide is available for each module that you can print and fill in as you progress through the interactive course modules.

## E. MODES OF EVALUATION

As part of the evaluation process, you are required to complete the following:

- **Participant Baseline Survey:** This survey assesses your knowledge, attitude, confidence before you begin the eLearning modules for the course.
- **eLearning modules:** You must complete all modules by course end date.
- **Final Quiz:** There is one case-study based quiz in this course consisting of 10 questions. You must answer 7/10 questions correctly (70%) to pass. **Note:** the quiz is open book and you have two attempts at the quiz to achieve a passing grade. You are required to complete the quiz independently.
- **Participant Post-course Evaluation:** At the end of the course, you will be required to complete a “Participant Post Survey” where you can provide your feedback on whether the content met your professional practice needs. These surveys are facilitated electronically through eLearning

When you have successfully met all the above requirements, you will receive **3 learning hours** as well as credit towards obtaining your de Souza designation. An email will be sent to you containing instructions on how to download your **certificate of completion** via your “My account”.

## F. EXPECTATIONS FOR PARTICIPANTS

To be successful in completing this course, you are encouraged to set aside 1 to 2 hours each week to complete each section as learning is self-directed. The total learning hours for this course is **3 hours**.

A writable study guide is available to download and fill in if you wish. The study guide is not mandatory and completion of it is not included in the learning hours. If you do complete the study guide you will have a copy of the course content for your future reference; once you complete the course you will no longer have access to the course modules and resources.

There are a number of printable documents throughout the course, which you may want to save or print out.

Your course activity completion will be reflected in your **grade book**. You are expected to complete all modules and all other course requirements within **6 weeks** from the time you register for the course.

## G. FACILITATOR AVAILABILITY

This course is **self-directed**. However, a course facilitator is available to:

- Answer your questions related to course content.
- Monitor the registration process.
- Be available to you for questions throughout the course.

You can expect the facilitator to respond to your questions within 24-hours during the week and within 48 hours on the weekend.

Your facilitators are:

- Donalda MacDonald
- Allison Loucks

## H. COURSE AUTHORS' & FACILITATORS' BIOGRAPHY

Course Author & Facilitator

### **Donalda MacDonald, RN, CON(C)**

Donalda has been an oncology nurse for 50 years working in both inpatient and outpatient units. She has been a primary nurse in lung and GI oncology as well as worked in the chemotherapy suite. For the last 10 years of her clinical career, she has been the solo instructor for the Sinai C.A.R.E. Cancer Care education series that she and her chemo colleagues developed targeting nurses new to oncology. She has been an educator as de Souza for the past 15 years. Donalda has served on the board of directors for the Canadian Association of Nurses in Oncology for 7 years. Donalda holds certification in oncology from the CNA. She has done item writing and exam review for the CNA Oncology Certification Exam. Donalda was nominated by her oncology peers and was one of 100 nurses from across Canada to receive the CNA Centennial Award honoring her work in education of novice oncology nurses. In 2014, she received the Lifetime Achievement Award from the Canadian Association of Nurses in Oncology. She was the recipient of the Pfizer Award of Excellence in Education in 2023.

Co-Authors

### **Margaret Forbes, RN-EC, MN, NP-Adult, CON(C)**

Margaret is a nurse practitioner with 34 years of oncology experience. She recently practiced as a nurse practitioner in complex malignant hematology including stem cell transplant and cellular therapies at the Juravinski Hospital and Cancer Centre. Margaret also has a wide variety of clinical experiences in the treatment and management of patients with solid tumours with a focus on breast cancer. She was the clinical lead in the development of the cancer survivorship program at the Juravinski Cancer Centre. Margaret has participated in

research as both a co-principal investigator and co-investigator in multiple studies. Margaret has held various nursing leadership roles most recently as a nurse practitioner lead in complex malignant hematology. In 2016, Margaret was the recipient of the prestigious Canadian Association of Nurses in Oncology (CANO-ACIO) Pfizer Award of Excellence in Nursing Leadership. In 2018 Margaret led the conceptualization and development of the Ron and Nancy Clark Nurse Practitioner Fellowship in Hematology at the Juravinski Hospital and Cancer Centre. Margaret is an assistant clinical professor at McMaster University School of Nursing. She has recently joined the de Souza Institute as an advanced practice nurse educator. Margaret believes that a strong foundation in oncology knowledge will inspire nurses and other health care providers to become confident, competent and enthusiastic about providing excellence in patient care for people and families experiencing cancer.

### **Komal Patel Saini, RN-EC, MN, CON(C), CHPCN(C), CGNC(C)**

Komal has been an oncology nurse for over 20 years. She values lifelong learning and has demonstrated this in many professional activities nationally. Komal holds a BScN (Honours) from the University of Windsor and holds a Masters in Nursing with a teaching focus from Athabasca University. She obtained her Oncology CNA certification in 2010, Hospice Palliative Care CNA certification in 2012 and Gerontology CNA certification in 2019. Komal achieved her de Souza APN designation in 2013 and completed the Post Master's NP program with a focus in primary health care from Athabasca University in August 2018.

Facilitator

### **Allison Loucks RN, MN, CON(C)**

Allison has 23 years of nursing experience, 16 of them in Oncology. In 2011, as an Advanced Practice Nurse Educator in the Acute Care Oncology Program at Princess Margaret Cancer Centre, she supported nurses in both ambulatory and inpatient settings to enhance their knowledge and competency in symptom assessment and management, and in urgent/emergent oncology nursing interventions. In 2015, she joined the Geriatric Oncology Program as a Clinical Nurse Specialist. Through research and publications, Allison and her team articulated the needs of this vulnerable population and identified tools required to provide adequate care.

Allison holds a CNA certification in oncology since 2015. She was the recipient of the 2016 Esther and Saul Baker Award in Geriatrics at University Health Network (UHN) and Mount Sinai Hospital. She earned her Master of Nursing at Athabasca University in 2019.

In 2023, Allison joined the Advanced Practice Nursing team at the Odette Cancer Centre at Sunnybrook Hospital, where she collaborated in numerous quality improvement strategies to enhance cancer care delivery. In 2024, she became a Facilitator in the de Souza Institute Provincial Standardized Chemotherapy and Biotherapy course. She recently joined the de Souza Institute as an Advance Practice Nurse Educator.
